INHABITANTS ARE DESERTING HARBIN

Women and Children Flee Before Arrival of Armies.

JAPANESE TO BORROW $150,000,000

Russian Military Experts Are Unable to Understand Tactics of Japs—Another Great Battle Is Expected Soon Other News About the War.

Gunshu Pass, Manchuria, March 25—The women and children are reported to be leaving Harbin and the business houses are closing. The stationary hospitals are being moved back and the entire railroad east and south of Tsitsihar is being prepared for the next state of the war.

The conviction exists that General Kuroki is now directing toward the northeast for the investment of Vladivostok changing his base for that purpose to Gensan.

While the Manchurian railway is employed to supply the main army in its advance on Harbin, the Japanese seem still partial to the plan of keeping close to their sea bases and instead of following the Russians some of the military experts are of the opinion that the Japanese may relieve the pressure upon General Linevitch and thus induce him to concentrate in the region between Santoupou and Tie Pass for another battle. But throughout the campaign all the prognostications of experts regarding the plans of the Japanese failed the aspirations of the Japanese consist entirely fattening on the victories achieved.

The rank and file of the Russian army show peculiar adaptability to conform with the new constitutions and accommodate themselves to the wishes and intentions of the commander in chief and the government.

Japanese Loan Easily Floated.

London, March 25.—The final details of the Japanese loan were concluded here today with the exception of the exact date of issue. This has not yet been decided, but it will not be delayed. The amount is $150,000,000 with interest at 4½ per cent. The price of issue is 90, and the security will be the next receipts of the tobacco monopoly of Japan amounting to $16,000,000 according to the budget for the next fiscal year. The loan will be issued simultaneously in New York and London, each of these cities taking $75,000,000.

The American issuing banks are Kuehn, Loeb & Co., and others participating in the previous loan while the British half of the loan is handled by the group of banks which was responsible for the earlier flotations. The loan is redeemable after five years. Some subscription is expected in Holland and Switzerland. It is said here that although German banks exhausted every effort to secure participation in the loan they have rigorously excluded as the Japanese found no difficulty in finding the amount required in New York and London.

Korretyo Katashi, special Japanese financial commissioner, informed the Associated Press today that the $150,000,000 would suffice for Japanese requirements for a year or a year and a half, at the expiration of which time the war would be over. Three New York banks are concerned, Kuhn & Co., the National City and the National Bank of Commerce. M. Hayashi confirms the statement that the German banks had been given no share in the loan and he also was of the opinion that despite the hitch in the negotiations Russia would very shortly obtain another loan in France. The Japanese loan is expected to be issued next week.

Newspapers Advocating Peace.

St. Petersburg, March 24.—2:30 p.m. The papers are supporting the campaign for peace and are beginning to print openly this history of the tragedies in the Far East. The publications include a secret memorandum of General Kuropatkin in pointing out that war will be inevitable if Russian interests were extended into Korea. The necessity for increased taxation to meet the expenses of the war is recognized and the minister of finance has submitted projects to the council of the empire building the taxes on beer, matches, etc., and a graduated tax on the salaries of government officials beginning with 1 per cent on salaries of over $300 which altogether will realize about $11,000,000. There is also a proposition for a general income tax which undoubtedly would prove the most popular form of raising money as it would bear heaviest on those able to pay.

Mr. McCormick (the retiring American ambassador to Russia) has received urgent instructions from Washington to proceed to Paris at the earliest possible moment.

Russian Warships at Port Said.

Port Said, March 25.—Admiral Nebogateff's division of the Russian second Pacific squadron consisting of a battleship, four cruisers and four transports are heavily laden with stores. The division which is said to be bound for Jibutil, French Somaliland, Vladivostok, will probably proceed today.

CHAMPION OF "MIDNIGHT OIL."

University Professor Claims Students Should Study Mostly at Night.

Chicago, March 25.—Dr. John A. Scott, professor of Greek, in Northwestern university, addressing one of his classes in defense of "burning the midnight oil," has declared the great scholars of today are not those who study in early morning, but those who study late into the night.

"In olden days," he said, "the Persians congregated at daybreak to pursue their studies, but nowadays the great scholars pore over their books at night. In the morning one's eyes are not clear, his head is still numb from sleep and he is in no condition for mental work. Because of the lack of illuminating facilities, the ancients were obliged to study in the early morning before beginning the day's work, but today our greatest students do their best work after the sunlight has faded away. That is the best opportunity for mental improvement, and although I would not urge any of you to refrain from rising early, I would urge you to do your studying at night."

Large Mortgage Foreclosure.

Trenton, N. J., March 25.—The Manhattan Trust company today filed a bill in the court of chancery to foreclose a mortgage of $3,000,000 on the property of the Standard Rope and Twine company, which is now in the hands of receivers. The receivers are made party defendants. It is set out in the bill that on the same day that the mortgage was given to the Manhattan Trust company, another mortgage for $7,500,000, was given to the Central Trust company. The Manhattan Trust company claims that its mortgage takes priority of lien over the mortgage given to the Central Trust company. These mortgages were given to guarantee the outstanding bonds of the company.

Deserter Loses Citizenship.

Washington, March 25.—President Roosevelt has approved the sentence of the courtmartial inflicted upon Midshipman Arrowood, of North Carolina, recently tried for desertion from the navy. The sentence carries with it dismissal from the navy, and the law bearing upon the case provides that a man so dismissed shall not hereafter be eligible to any of the rights of citizenship.

"Jim Crow" Law Sustained.

Annapolis, Md., March 24.—In an opinion delivered in the court of appeals held that Maryland's "Jim Crow" law requiring steam railways in the state to furnish seperate compartments for white and negro passengers, is valid so far as it affects commerce within the state, but invalid as to interstate passengers.

Alabama Negro Hanged.

Nashville, Tenn., March 25.—A dispatch to the Banner from Montgomery, Ala., says that George Calhoun, a negro, was hanged there today for the murder of his wife. He acknowledge his guilt and died without a struggle. The killing was a most brutal one.

VENEZUELA DEFIES THE UNITED STATES

Castro Has Flatly Refused To Arbitrate Pending Issue.

NO ACTION TAKEN AT PRESENT

The Administration Will Await Developments Before Anything Is Done San Domingo Affairs Discussed at Cabinet Meeting.

Washington, March 25.—Minister Bowen cables the state department today from Carnacas that President Castro had flatly refused to arbitrate the pending issues between Venezuela and the United States.

The administration will take no action in regard to the reply which President Castro, of Venezuela made to Minister Bowen. The matter was fully discussed at the cabinet meeting today and it was determined to allow the matter to await developments. The situation is considered such as not to necessarily interfere with the department of the president on his southwestern trip.

The cabinet today discussed the situation in Santo Domingo and it was the general opinion that nothing there warrants any change in the present method of proceedure.

The agent of the United States government will take an investigation for the purpose of obtaining the information asked for by the senate.

It was said at the conclusion of the cabinet meeting today that President Roosevelt has apointed A. S. VanValkenburgh, United States district attorney for the western district of Missouri. The appointment was made on the recommendation of Senator-elect Warner, in sucession to himself as district attorney.

Mr. Van Valkeburgh was Mr. Warner's associate.

DR. CHADWICK TO PLAY ORGAN.

Will Receive $100 Per Week to Manipulate Wife's Instrument.

New York, March 25.—Dr. Chadwick, husband of Mrs. Cassie L. Chadwick, recently convicted of conspiracy, is soon to come to New York in the capacity of organist for Abraham G. Nelson, half-brother of the late Mrs. Charles L. Fair, who purchased all the belongings in the Chadwick handsome home on Euclid avenue, Cleveland.

Included in the lot was a magnificent organ, for which Mr. Chadwick paid $9,000, and which Nelson will bring to New York and place on exhibition.

Dr. Chadwick is a skilled instrumentalist, and has agreed, for a salary of $100 per week, to play this organ as long as it remains on view. Nelson left last night for Cleveland to arrange for the removal of the goods for which he paid $25,200 in all.

AGED MEN GUILTY OF MURDER.

Jury Recommend Mercy and He Goes To the Penitentiary for Life.

Fayetteville, Ga., March 25.—Stephen D. Renfroe was found guilty of murder and recommended to the mercy of the court, which means life imprisonment.

An appeal for a new trial was entered by his attorneys.

Colonel Renfroe was charged with killing his daughter-in-law as a result of a dispute over a cabbage patch.

The entire day was consumed with the introduction of evidence and the arguments of counsel.

Colonel Renfroe, who is about 76 years of age, reclined on an improvised bed in the court room most of the time. He was made as comfortable as possible on a bench.

Chicago Has $145,000 Fire.

Chicago, March 25.—Nearly 150,000 tons of ice and two buildings each 250x500 feet, have been lost by fire at One Hundred and Thirty-fourth street and Lake Calumet. The big storage houses held the winter's cut on the lake. The loss is $145,000. The buildings were the property of Swift & Co.

LYONS PAY DEATH PENALTY.

New Orleans Man Who Killed Prominent Attorney Is Hanged.

New Orleans, March 25.—The crime for which Lewis W. Lyons was hanged here today was the assassination of District Attorney J. Ward Gurley on July 20, 1903. Mr. Gurley, who was a member of a prominent family, had been United States district attorney under President Cleveland and distinguished himself in the successful prosecution of bank wrecking cases. Lyons was the son of a former leading clothing merchant, but through dissipation had been much reduced in circumstances. One night during a carousal a sugar broker reported the loss of a valuable diamond pin. He had been in Lyons' company. Lyons was suspected, arrested and acquitted. The arrest preyed on his mind and he brought damage suits against the detectives and the broker. Gurley and Mellen were employed As his counsel. The case was first handled by Mellen and on Lyons' complaint Gurley himself took it up. Lyons was unsuccessful and conceived the idea that his lawers were responsible for his defeat. He made many threats against them and finally on July 20, 1903, locked himself up in a room with Mr. Gurley and killed him. He shot himself through the head but recovered. Lyons defense was insanity.

FUNERAL OF MRS. STANFORD.

Simple But Impressive Ceremonies Held Over Her Body.

Stanford University, Cal., March 25.—The body of the late Mrs. Jane Stanford, who recently died at Honolulu now rest in the Stanford Mausoleum between the bodies of her husband and her son near the institution of learning that bears their name.

Before the final compliment of Mrs. Stanford's body to the stone sarcophagi simple ceremonies were held in the Memorial church erected in loving memory of her husband. The church was filled with thousands of people from all over the state who came to pay their respects.

Between 4,000 and 5,000 people followed the body from Memorial church to the mausoleum and all but two or three hundred of these represented a close interest in Mrs. Stanford and the university. Fifteen hundred undergraduates formed the main body of the column. In addition there was nearly 500 faculty members and as many alumnae. At the portal of the mausoleum, which was covered with flowers, the last rites were performed. These were brief and simple.

Negro Pugilist Killed.

Philadelphia, March 25.—John Hill, a negro pugilist, is in a dying condition at St. Agnes hospital here as the result of a six-round bout last night with "Kid" Dorsey, also a negro, at the Broadway Athletic club. In the sixth round of the bout, which had been hotly contested, Hill was knocked unconscious. It was at first supposed that he had only been knocked out, but when the usual remedies failed to revive him, he was hurried to the hospital. After 14 hours' treatment he is still unconscious. The proprietor of the club and seconds of both sides were arrested.

Third Trial for Murderer.

Jasper, Ala., March 25.—Henry Walker, a negro, charged with the murder of Mrs. Dickinson at Cordova two years ago, was again placed on trial for the offense. Walker has been sentenced to hang twice, but the decision has each time been overruled by the supreme court. Mrs. Dickinson was murdered in her bed one night, her head being split open with an ax. It was also thought that she had been assaulted.

Several Injured in Wreck.

Memphis, March 25.—Westbound passenger train No. 2 on the St. Louis and San Francisco railroad, collided with a car on the siding at Hickory Flat, near New Albany, Miss., early today and was wrecked. Several persons were badly bruised, but none seriously. The train was running at a high rate of speed when it dashed into the obstruction. The engine, tender and two coaches were derailed. Traffic will be delayed several hours.

VICTIM OF TRANCE SUCCUMBS TO DEATH

Young Woman Lived Fifteen Days In Comatose State.

MYSTIFIED MEDICAL SCIENCE

Her Mother Is Slowly Dying of Same Affliction—Asphyxiation Is Supposed To Be Cause of Strange Malady. Case Attracted Much Attention.

New York, March 25.—One of the most remarkable cases in the experience of the physicians of the Presbyterian hospital in this city ended today in the death of Miss Luella Huestis, of Mt. Vernon, who, with her mother, Mrs. James H. Huestis, had been in a trance for 15 days prior to her death.

More than two weeks ago both of the women were found unconscious in the home of Henry W. Helfer, a lawyer of this city, and was supposed to have been asphyxiated by gas. Neither had since recovered consciousness, and physicians were puzzled by their unaccountable coma.

Miss Huestis was an attractive young woman aged 22 years.

A singular fact is that the young woman's mother who lay in an adjoining room began to show signs of the approach of death soon after the death of her daughter. Like her daughter, the mother also is greatly emaciated, and the physicians at the hospital say that her low vitality is due principally to starvation. One specialist in hynotism and physiology, who investigated the case, has made public his conclusion that the two women had unconsciously hypnotised each other and that gas asphyxiation had nothing to do with the case. He explained that he had himself been hypnotised while hypnotising a patient and had only been awakened by the arousing of the subject.

The case of the two women has attracted the attention of scientists all over the country.

TILDEN RESIDENCE SOLD.

Splendid Mansion Sold to the National Art Club.

New York, March 25.—The splendid mansion built by Governor Tilden in Twentieth street, overlooking Gramercy park, is soon to become the home of the national arts club.

Negotiations with the Tilden heirs have just been concluded but the price paid them was not made public. As a private house, the Tilden mansion came nearer to warranting the adjective "palatial" than any house of its time in New York. Its owner was a liberal entertainer and in his spacious rooms some of the most important social gatherings and political conferences of the period were held. It is still magnificent, and for club purposes is so well adapted that its new owners will not have to change a partition or make any important alterations. In its new home the club will have one of the most capacious and magnificent club houses occupied by any similar organization in the world.

Jules Verne, Noted Author, Dead.

Amiens, France, March 25.—Jules Verne, whose stories are known to children as well as adults the world over, died at 2:10 this afternoon. His family was at the bedside. M. Verne, who was advanced in years, had been ill for several weeks. He is perhaps best known to the present generation of readers and playgoers by his novel "Around the World in Eighty Days," which was successfully adapted to the American stage 20 years ago, and has been seen intermittingly since.

Rear End Collision in Subway.

New York, March 25.—Motorman James Daly seriously injured several persons were slightly hurt and traffic in the subway was blocked for half an hour during the rush hours early today as a result of a rear end collision of two trains at One Hundred and Sixteenth street. The accident is said to have resulted from a misunderstanding of signals by the motormen.

CHAIRMAN DAMPIER ON ROAD QUESTION

Wants Good Roads, But They Must Not Cost Too Much.

HE BELIEVES IN TRAM ROAD

If the County Wants Roads of Flint, Let a Tramway be Built to the Quarries, the Rock Crushed There and be Distributed With One Handling.

Hon. John G Dampier of Hague, chairman of the Board of County Commissioners, was among the prominent visitors from the country to Gainesville Saturday.

Mr. Dampier has served the Board of County Commissioners faithfully for several years, and at the beginning of the present year was honored by election of chairman of the board. He is a most conservative man, always exercising his judgment in a way which he believes is in the interest of the people. While he is progressive along all lines, he does not believe in squandering the county's money with indiscretion, and goes carefully into every subject before casting his vote.

Mr. Dampier is a firm advocate of good roads, but does not believe in extravagance. He believes in using more discretion and less money in the construction of roads, at the same time avowing that the best material obtainable should be employed.

"There is not a man in the county who believes any more in good roads than I do," said Commissioner Dampier. "I can appreciate them even more than some others, since I am living in the country and have to travel a great deal. I believe in a good flint road, since we have the material right in our own county, but I do not believe in hauling this material by mule team, crushing the rock and hauling it again to the spot where it is to be used.

Favors Tram Road.

"I believe the proper way to build roads is to run the crusher at the quarry, load the material onto flat cars and pull it to the place where roads are building, dumping it directly on the spot. If we are going to build good roads in Alachua county, and I am aware of the fact that we need them, let us go at it right; let us purchase a narrow guage locomotive and a few miles of light rail, and by this means we can build from the pit and haul five or six carloads of material at one load. This thing of hauling the rock from the quarry to the crusher, crushing the stone and then hauling it back to the road is too expensive, and if we are going to build roads we must get down to a more economical basis, for we have a great many miles to build."

Mr. Dampier has the right idea. The proper course to pursue, if the county can raise the money, is to purchase a light locomotive and a few miles of light iron and build from the quarry to the point where road is in construction. The rock should be deposited from the quarry into the crusher, which will save two handlings and greatly decrease the expense of road-building.

The Good Roads Machinery Company has made the commissioners an informal proposition for the purchase of the machinery now in use here by the government, but no action is taken, nor can any be taken until the next meeting of the board, which will be held the first Tuesday in April. The county already has a traction engine and other road machinery, and it is doubtful whether any action will be taken. However, it is stated that a horse-roller is badly needed, and it may be possible that the county will purchase the big roller which has been used here.

For an Impaired Appetite.

Loss of appetite always results from faulty digestion. All that is needed is a few doses of Chamberlain's Stomach and Liver Tablets. They will invigorate the stomach, strengthen the digestion and give you an appetite like a wolf. These tablets also act as a gentle laxative. For sale by all druggists.

North Gainesville Meeting.

After a week's service at the North Gainesville Hall, which was conducted by the various ministers of this city under the auspices of the Ministerial Association, the meetings closed Saturday night. During the week services were conducted by Revs. T. J. Nixon, Thos. P. Hay and S. B. Rogers, and were greatly enjoyed. They were a treat to the people of North Gainesville, who hope that the association will favor them again at some future time.

IT WILL KEEP

It is not always necessary to use a whole bottle of Scott's Emulsion. What is left will keep. We have seen a bottle of our Emulsion three years old that is still good. What other preparation of cod liver oil will keep sweet and permanent for half that length of time? Scott's Emulsion is always reliable because it's always absolutely pure.

We'll send you a sample free.

DELIGHTFUL HOUSE PARTY.

Old Haile Homestead at Kanapaha Scene of Much Gaiety.

In compliment to Misses Katie and Elizabeth Budd, two charming young ladies of Monticello who have been here for some time as the guests of Evans and Mrs. Rachael Haile, a delightful house party is being tendered at the magnificent old Haile homestead, Kanapaha. This is one of the most historic and picturesque homes in all Florida. The house is surrounded by stately oaks and presents a most inviting appearance, which makes the place all the more attractive.

The house party comprises about thirty young people, and it is needless to add that they are having a big time. The party left this city Saturday evening via the Seaboard Air Line, and was as follows:

Misses Jessie Bodiford, Elizabeth and Katie Budd of Monticello, Jackman of New Jersey, Lois Hale, Maud Graham, Wiggins of Waycross, Ga., Alice Nichols, McLester of New York, Julia Lund and Bessie Haile of Jacksonville, Johnnie Liddon of Ocala, and Myrtle Fennell. The gentlemen were Messrs. Lee Graham, Henry Davis, D. B. Morris, Evans Haile, J. B. Dell, Jr., J. M. Dell, Chas. Forsyth, Brown, Hugh Morrow and A. M. Dickson.

The party is chaperoned by Mesdames Rachael Haile and A. R Van-Deventer. They expect to return to the city tomorrow.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

A Close Call.

Quite an exciting time was had at Wilson's dry goods store early Saturday evening. On lighting one of the gas jets the wind blew some of the light fabrics into the blaze, and in an instant the blaze shot up quite high. One of the clerks, in trying to extinguish the flames, threw the fire into another piece, and it looked as if an alarm would have to be sounded. However, when the force got to work the fire was put out with but slight damage. But it took quick work and it was certainly a close call.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

North Gainesville Picnic.

A number of the young people of North Gainesville, bent on having a good time, participated in a picnic to Hogtown creek yesterday, which was the first event of the kind of the season from that thriving burg. About ten couples participated. An elegant lunch, which had been prepared for the occasion, was spread, and the young folks spent the day reveling in the happiness of a spring day.

EN PASSANTE.

Items That Come Into Notice of Casual Observer.

"I saw a man pouring out a lot of brine into the gutter on Union street, a few days ago," said an observer to The Sun, "and I thought then that if all the merchants around the public square would do the same thing, we would have a loud odor about the city when the warm weather got the pot to boiling. Such filthy practice should be stopped before the thing becomes too common. If we all would unite in trying to keep the streets clean, we might have a handsome looking square and a healthy city in every respect. There are a few other things that the health officer should look up befo re it is too late."

A gentleman who enjoys good cooking and is very fond of Boston baked beans, was invited out a short time ago where this favorite dish was served in a style to tempt the most dainty epicure. To make the repast more palatable, he had a very good appetite that was brought on by a hard day's work, and he partook with a relish that would make a working man turn green with envy. During the night he was taken with agonizing pains in his internal organs and the next morning was hardly able to sit up from the effects of nausea. On being asked by a friend if he was sick he replied: "I feel worse than a man that has been trying to bull the pork and beans market both at the same time."

"I have found Florida a very delightful State to visit in," said a fellow at the breakfast table in a boarding house not one mile over a hundred from Gainesville, a few days ago; "but I must confess that this piece of beefsteak beats me," and he turned over a modest steak on a side dish. "I ordered steak and I am sure it has not been cooked over two minutes, and it comes on the table cold. I have seen many fancy dishes and odd things about the culinary of hotels and boarding houses, but this is the first time I ever saw a beefsteak cooked without even warming it."

A gentleman and lady came into the dining room for breakfast at one of the high-up hotels a short time ago, said a friend the other day, and as they appeared very pleasant, and, as the waiter thought, a trifle shy, he got a wrong impression of the man of the family. They were at a table for two, and as the gentleman gave his order first the waiter said: "Two orders?" "Two order, no!" spoke up the man quickly. "This is no dovey and pidgy party, and we have been married long enough so that I know better than to butt in on her plans for breakfast. You consult her as to what she wants and she'll let you know that her digestion is the best ever."

Startling Mortality.

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, 14 Custom House Place, Chicago, says: "They have no equal for constipation and biliousness." 25c at druggists.

Another Curiosity.

Manager Joseph A. Ettel of the Brown House has added another curiosity to his museum in the form of a Spanish buzzard, which was shipped to him a few days ago from a friend in the Bermuda Islands.

This bird is very much like the American buzzard in form, and naturally possesses a buzzard's appetite, but it is much more beautiful, resembling more a peacock in color. It has a beautiful gold and red bill, and its plumage is grand.

Manager Ettel prizes this acquisition to his menagerie very highly, and is feeding his new property on "the fat of the land."

One of the most amusing as well as interesting features connected with this bird is the fact that the numerous other "specimens" which have been collected by Mr. Ettel seem to envy the presence of this buzzard in striking attire, and at once set upon the fowl with a determination to "do him up" One by one the buzzard is teaching them that he is something of scrapper himself, with the result that there are several sore heads in the menagerie.

SSS FOR THE BLOOD

"S. S. S. for the blood" has grown to be a household saying. When the blood is out of order, or needs treatment from any cause, this great remedy is the first thought of and used by thousands of people all over the country, because it is superior to all other blood purifiers. It is a purely vegetable remedy, and while it penetrates the circulation and forces out all poison and morbid matter, it also builds up the entire system by its fine tonic effect. During the winter months the natural avenues of bodily waste have become dull and weak and failed to perform their full duty, the blood has been sluggish and an extra amount of poisons and waste matters have accumulated in the system and been absorbed by it. With the coming of Spring and warm weather the blood is aroused and stirred to quicker action and in its effort to throw off these acids and poisons the skin suffers. Boils, pimples, blotches, rashes and eruptions break out and continue until the blood is cleansed and made pure. S. S. S. is the ideal remedy for this condition; it clears the blood of all impurities, makes it rich and strong and these skin troubles pass away. Rheumatism, Catarrh, Chronic Sores and Ulcers, Scrofula, Contagious Blood Poison and all other diseases of the blood are cured by S. S. S. Book on the blood and any advice desired, free of charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and an all-gone tired feeling that made me miserable. I began the use of S. S. S. and my blood was restored to its normal, healthy condition. My appetite returned, I increased in weight, that "tired feeling" left and I was again myself.

NEW ICE FACTORY FOR GAINESVILLE

Electric Light and Power Company Will Install Plant.

CAPACITY OF TWENTY TONS

Company Feels That There is Plenty of Patronage to Sustain Two Factories, and Decided to Utilize Power to Fullest Capacity.

The first annual meeting of the stockholders of the Gainesville Gas and Electric Power Company, under the charter recently granted by the State of Florida, when the property of the Gainesville Gas and Electric Light Company, a private concern, was absorbed by the corporation, was held at the offices of the company in this city Saturday morning.

This was an important meeting, since many matters of importance to the company and the city were to be brought up, discussed and disposed of.

The first business to come before the meeting was the election of officers for the ensuing year, which resulted as follows:

President, Chas. W. Morse, Haverhill, Mass.; vice-president, H. F. Hurlbut, Boston, Mass.; treasurer and general manager, G. I. Doig, Gainesville, Fla.; directors, Chas. W. Morse, H. F. Hurlbut, John Cashman, Boyd B. Jones and Geo. I. Doig.

The company, realizing the incapacity to supply the demand for ice, decided to install at once a modern plant for the manufacture of ice. The plant will have a capacity of not less than twenty tons per day at the beginning, and will be increased from time to time as the demand requires. It has not been definitely settled, but a De La Vergne machine will more than likely be installed.

In speaking of the erection of the ice plant, President Morse, who is now in the city, said: "In voting to install this plant our company is only carrying out its original ideas. When the electric plant was added to the gas business we had the ice plant in view, and determined eventually to manufacture gas, electricity and ice with one simultaneous power, hence a steam plant of sufficient power was installed. The ice plant will engender nor require no additional power and very little expense, and we may now be enabled to utilize our power for twenty-four hours every day."

The company is considering several bids, but Mr. Morse authorizes the statement that the plant will be installed within a short time.

Music School Richly Endowed.

New York, March 25—Plans are rapidly maturing for the establishment here of a school of music endowed by James Loeb the banker, in memory of his mother. The fund to be furnished by Mr. Loeb will be $50,000, on which the donor guarantees an income of 5 per cent. A complete library of musical literature has been donated by the conductor and teacher, and they will act as director of the school, which will be opened in October.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

IN THE MAYOR'S COURT.

Interesting Session of Municipal Court Saturday Morning.

Perry Thompson was arrested Friday upon a charge of petty larceny, the charge having been preferred by Rebecca Wright, a colored woman who stated that she had given Thompson $8 with which to buy some lumber for her, when he had the lumber delivered at his own home. Perry gave bond for his appearance at the court, but owing to the absence of a witness the case was postponed until Monday.

Rex Ross and Rodman Glass, two coons with kinky hair, insisted upon driving over the public thoroughfares with such rapidity that the wind would whistle through their wool, thus endangering pedestrians and others who are willing to abide by the unwritten law of discretion, and were arraigned before His Honor upon a charge of reckless driving. After hearing the story of the witnesses and the defendants the mayor decided that the defendants were guilty, and assessed a fine of $2 50 each and costs, warning them to be careful and check their horses. "I have had enough complaint about this reckless driving," he said. "People come to me almost every day and complain that it is almost unsafe to cross the street for fear that some of you reckless dare-devils will run over them, and the city is tired of it. You may go now for $2 50 each and costs, but the next time you come before this court upon this charge I propose to make you remember it."

Invaluable for Rheumatism.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ill. 25c, 50c and $1. Sold by W. M. Johnson.

TOM M'BEATH'S PRESENT.

Was Presented With a Handsome Clock by Florida Press Association.

Prof. T. F. McBeath returned yesterday from Lake City, where he went to attend the meeting of the Florida Press Association. Prof. McBeath closed his two-years' term as president of the association with this meeting, and in recognition of his efficient services the members presented him with a handsome clock. It was a genuine surprise and the smile had not left Tom's face when he arrived home. The meeting was one of the best ever held from a business point of view, and the entertainment accorded was enjoyed by all.

DIVORCE REFUSED BUFFALO BILL

Court Would Not Sustain His Plea for a Separation.

Sheridan, Wyo., March 25.—The district court has refused the petition of Colonel William F. Cody (Buffalo Bill) for a divorce.

A decision was not expected tomorrow at the earliest, but the court room was filled with residents of Sheridan and the surrounding country, when it was given. After the reading of the depositions was finished the lawyers for both sides announced that they would submit the case without argument.

After a short recess, Judge R. H. Scott asked the attorneys for the defendant, Wilcox & Halligan, of North Platte, Neb., to amend their answer in the case by striking out those sections which dealt with charges against Bessie Isbell, Cody's conduct in Chicago, and his early excesses at Fort McPherson. When this was done, the court found entirely in favor of the defendant, Mrs. Louisa Cody.

"Where there's a will there's a way"—to Dodge it, in some instances.

It is said 100,000,000 people in Russia are suffering on account of not being able to obtain enough food.

Sometimes a man loses his job because he doesn't know enough, and sometimes because he knows too much.

Calvin J. Wadsworth of Saginaw, Mich., has invented or discovered a process whereby gasoline may be rendered non-explosive.

A snuff manufacturing concern reports net earnings of $2,458 419 for the year 1904. A business like that is not to be lightly sneezed at.

With the approach of spring the price of coal will be reduced fifty cents per ton, but the ice dealer will even up matters so that the householder will not gain anything.

Uncle Sam was recently handed a check for $12,000, which some sinner who had repented had defrauded the government out of long ago. Wish he owed an account at this office.

Buffalo Bill has got to endure the hardships of his unhappy married life a while longer, the judge having denied him a divorce from the cruel sharer of his joys and sorrows, who used to sit up nights to have a hot or cold toddy ready for him on his return, whichever the weather might demand.

Midshipman Arrowood, who deserted from the navy because he could not be a Christian and hold his job, has been dishonorably dismissed and deprived of his citizenship rights by a courtmartial, which has been approved by the President. He has nothing left but to go to New Jersey.

If the city of Tampa can only get that hotel property thoroughly disposed of, to the satisfaction of papers and knockers of that city, guess they will devote their attention to some other means of speculation. The city would be all right on the deal if it were not for the fact that those who were not in it are now kicking.

The Dodge will case at Jacksonville has been settled, in which the attempt to break the will of the late Mrs. Abbie R. Dodge, who died a year ago, has failed, Judge Phillips sustaining the document as probated. There was $200,000 in property and most of it was willed to Rev. A. M. MacDonald, former pastor of the Union Congregational Church, of which church deceased was a member. The case will be appealed.

The naval stores factors and operators representing the industry in Florida, Georgia and Alabama met in Jacksonville Thursday, three hundred being present, and organized the Naval Stores Export Company, with one million dollars capital stock, sixty per cent of which will be subscribed by the operators. The company was organized to protect Jacksonville and other Florida ports, which have been closed markets on account of the refusal of exporters to accept goods at Florida ports at Savannah prices.

SPRINGS FOR GROWING WATER CRESS.

One of the minor but still locally important industries of the country that depend for success upon the availability of underground waters emerging from the earth in the form of springs is the cultivation of water cress for the New York markets. To be available for this use springs must be free from iron and must have a volume of more than 2,000 gallons a minute. Heretofore springs within a few hundred miles of New York have been almost the only ones utilized, but the recent severe winter has emphasized the necessity of discovering new springs in regions where they are not likely to freeze during the winter.

In connection with its investigation of the underground waters of the country the division of hydrology of the United States Geological Survey has collected data relating to large springs in the States of Georgia and Florida, which have been compiled into tables by Messrs. M. L. Fuller, S. W. McCallie and others, and published in a recent Water Supply Paper entitled "Contributions to the Hydrology of the Eastern United States, 1903." The tables include facts relating to the location, ownership, supply per minute, temperature, improvements, and uses of the springs, as well as analysis of their waters, affording just such information as is required by prospective investors and others interested in the development of springs. Several of the springs of Georgia and Florida, including some of the largest in the United States, have been accurately measured by Mr. B. M. Hall, and the results are included in the report mentioned, which may be obtained free of charge on application to the director of the United States Geological Survey.

The Isthmian Canal Commission, composed of distinguished civil engineers and an admiral and a general appointed with high salaries, perquisites, honors and responsibilities less than a year ago and commissioned by the President, are now all to be retired. They have failed. Multi-headed commissions for a work like that must ever fail. The chief men, Admiral Walker and General Davis, no doubt excellent men in their way and once able and energetic men, are at least twenty-two years past the Osler age of usefulness. Engineer Wallace is to be appointed to do the work. He is young, energetic and above all has done similar work on the canal connecting Lake Michigan with the Mississippi, a work in magnitude scarcely second to that of Panama. The country, it is thought will hear from him and his hundred steam shovels in the next twelve months.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

The anxiety of the express companies as betrayed in editorials inspired and paid for appearing in various large dailies would indicate that they are alarmed at the probability of a parcels post law. Mr. Cortelyou, the present postmaster-general, has distinguished himself as a safe adviser of three presidents and as a remarkably successful campaign manager. If he shall succeed in having introduced and carried a bill for the establishment of a parcels post system he will have triumphed over what ex-Postmaster General Wanamaker said were the four insuperable obstacles to a parcels post in the United States, namely the four express companies.

The spring rush of immigration is assuming great proportions and in three days 16,000 immigrants arrived at New York. It is feared that Ellis Island will be taxed beyond its capacity during April and May. The steerage capacity on all of the principal steamship lines already is booked many weeks ahead and the companies are putting on extra steamers. Over 7,000 Russian Hebrews have reached there since the first of the month but the immigration from Italy leads the list with 18,000. The percentage of Hungarian immigration is also showing a remarkable increase.

This country received seven thousand more immigrants this year than last. And still we hear the cry that every family must have three and one-half children to maintain the population at its present numbers.

Illinois loses every year at least 8,000 people from tuberculosis, most of them dying in the active period of life and after having been disabled for several years.

Tax Placed on Private Cars.

Little Rock, Ark., March 25.—Attorney General Rogers has instituted proceedings against the Armour Packing company and the St. Louis Refrigerator company to recover back taxes on private cars used in the state on an approximate valuation of a million dollars. It is estimated that suits will be instituted against other companies that have used private cars in the state during the past ten years which have not been taxed.

May Find Diamonds in Canada.

Ottawa, Ont., March 25.—Dr. Ami, of the geological survey, is of the opinion that diamond wealth is hidden in that part of Canada between the Great Lakes and Hudson bay. "All surveying parties and explorers," he said, "should be on the lookout for anything that will show traces of the precious white stone in this territory."

THEY MADE IT TWO STRAIGHT GAMES

Stetson Won Two Fine Games From the Seminary.

BOTH TEAMS PLAYED GOOD

The Second Game Won After a Hard Fight—Good Pitching and Some Good Work in the Field—Stetson Has a Fine Team.

The day was perfect for baseball and it was hoped the Seminary might fare better at the hands of Stetson, but a few changes in the line-up of the Seminary boys did not help matters. The crowd was not as large as the day before, but what it lacked in number was made up in enthusiasm. Play commenced at 2:45 p. m., and the chorus of the young ladies in the grand stand made up in volume what it lacked in harmony. In fact, it was a noisy crowd.

The Seminary boys were first at the bat. Jacobie was out at first by throw from third, Thomas got first on muff of his fly to center, going out on steal of second, and Carpenter failed to get one safe in center.

For Stetson Pounds hit to center for one and stole second and third, where he was caught off his base. Pelot hit safe to left and E. Mickle was out at first on short hit. W. Mickle and Broadwell got their bases on a walk, and Pelot was forced out at home plate. No runs.

In the second the Seminary batters, Boulware and Taylor, failed to get first; Gasque hit for a base and stole second, where he perished on Graham's out at first.

Campbell, for Stetson, went out on a hit to Taylor; Travis hit for a base and stole second, Tilden and Pounds walked, Pelot found the ozone and E. Mickle went out at first. No runs.

In the third the Seminary made a hard effort. Munch was out at first. Coombs hit for a base, Jacobie got first on a hit and forced Coombs to second. Thomas hit for fair and Carpenter was out at first.

Stetson opened with a fly by W. Mickle to center field, taken with ease. Broadwell failed to hit after three attempts, Campbell sent one to third and a wild throw to first gave him second. Botts made a two-spot and Campbell raced home, Irving finishing by a hit to the pitcher. One run for Stetson.

In the fourth Boulware, Taylor and Gasque made the Seminary's part of the inning quite brief, by a liner to the pitcher and the two last fanning.

Stetson sent up Tilden, who hit for a base, stole second and third, where he remained until Pounds went out on an infield fly and Pelot and E. Mickle flew to center. No run.

Inning five brought no hope for the home nine. Graham hit to short, who fumbled, Graham getting his base, but was caught stealing second. Munch and Jacobie were easy at first and Jacobie went down on a fly to right.

The 'Varsity boys came up smiling, and W. Mickle, Broadwell and Campbell all failed to get to first.

In the sixth the Seminary boys started out for blood. Thomas was out at first, but Carpenter lined out a clean two-bagger, stole third and came home with the first and only score on Boulware's two-baser (slight applause). Taylor and Gasque were easy.

Stetson, headed by Botts, got one run on hits by Botts and Travis, Tilden, Pounds and Pelot going down at first. One run.

In the seventh for the Seminary Graham flew to center, Munch and Coombs hitting the atmosphere.

Stetson came up smiling and the home boys fell down. We won't say how it happened, but timely hits and lively sprinting netted four runs.

In the eighth Jacobie and Thomas went out at first for the Sem, Carpenter made a hit, stole second and tried to get home on Boulware's hit and out, but failed.

Stetson went out in short order, and the inning ended with no runs.

The Seminary boys could not rally in the ninth and the game closed with their half, the game being won by Stetson, and it was good nearly all through. Following is the score by innings:

	1	2	3	4	5	6	7	8	9	R	H
E. F. S—	0	0	0	0	0	1	0	0	0	1	5
Stetson —	0	0	1	0	0	1	4	0	x	6	9

Batteries: Seminary—Coombs and Thomas; Stetson—E. Mickle and Campbell.

Struck out—By Mickle 8, by Coombs 4

Umpire—Harvey Hutchinson.

Notes of the Games.

The young ladies were so jealous they made Rome fairly howl.

"Spec" won the hearts of the girls because he would not quit when he was "so sick."

Munch gathered in three good flies and he pleased his heart's idol.

Now, honestly, wouldn't it jar you a little if you heard such a noise at any other place than on the grand stand?

KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost if you do not get help from Dr. King's New Discovery for Consumption. J. W. McKinnon of Talladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better, when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for bronchitis, coughs and colds. Guaranteed, at all drug stores. Price, 50c and $1. Trial bottle free.

THE NEW DIRECTORY.

Work Progressing Nicely—Other Towns May be Included.

Work on the Gainesville directory is progressing nicely, and the people of Gainesville may expect something nice when the book is completed. The work will contain a hundred pages, more or less, and will be a complete encyclopedia of the city. If proper encouragement can be secured, it will also contain descriptive articles and a directory of a few of the leading towns of the county. Alachua, High Springs, Newberry, Micanopy, Waldo, Hawthorn and Archer are included in the list, and it is possible that a few pages will be devoted to each town. The directory will be bound in neat and substantial form, and will prove invaluable to the public as an agent of information.

Champion Liniment for Rheumatism.

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by all druggists.

A PROMINENT VISITOR.

Miss Gaines, Missionary to Japan, a Guest of Rev. and Mrs. Nixon.

Among those prominent visiting this city is Miss Nellie B. Gaines of Leesburg, who is a guest of Rev. and Mrs. T. J. Nixon at their home, 500 East Main street, N.

Miss Gaines has been for the past eighteen years a missionary to Japan, and is now holding the responsible position of principal of school for girls at Hiroschima, Japan. She has come to her native home for a short vacation, but expects to return to her work in Japan within the next thirty days.

As a conversationalist Miss Gaines is a most entertaining person. She speaks with great interest of Japan and her people and her work among them. By special request of Rev. Nixon, who will tender her the pulpit of Kavanaugh Methodist Church this evening, she will deliver a lecture on Japan, the people, the mode of living, etc., which will be of interest to those who hear her. The service will be opened as usual, and instead of the sermon Miss Gaines will deliver a lecture.

Attention, Odd Fellows.

Attention is called to the regular meeting of Center Lodge No. 11, I. O. O. F., which will be held Monday evening at the lodge room over Dutton's bank, beginning at 8 o'clock. There will be work in the Third degree, which is done by a thoroughly competent team, making an impressive effect. A full attendance is desired and visiting brothers are cordially invited.

J. G. TORREY, Secretary.

POLITICAL ANNOUNCEMENTS.

For Marshal.

To the Voters of Gainesville:

I hereby announce myself as a candidate for re-election to the office of marshal, subject to the action of the citizens of Gainesville at the coming municipal election. I leave my case in their hands. If I have discharged my duty as marshal in the past, I ask their indulgence and their votes in future. If they do not think I have discharged my duty, then it rests with them. I will appreciate support, however, and promise as long as in the office to show partiality to no one. Respectfully, CHAS. PINKOSON.

For Marshal.

To the Voters of Gainesville:

I hereby announce myself as a candidate for the office of marshal, subject to the action of the voters of Gainesville at the coming municipal election. Have always been a loyal Democrat, am always ready to render my aid and influence in support of right and justice, and if elected promise a fair and honest service, without fear or favor. Respectfully,

D. A. ROBERTSON.

For Marshal.

I hereby announce myself a candidate for the office of Marshal of the City of Gainesville, and solicit the support of all the voters of said city at the coming election of city officers.

If elected, I promise to give to all the people a vigorous and impartial exercise of the duties pertaining to that office. Respectfully,

RICHARD A. BECKER.

Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from anaemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50 cents. Sold by W. M. Johnson.

Mississippi River Steamer Grounded.

Cairo, Ill., March 25.—During a heavy wind storm late last night the steamer Sadie Lee grounded on a bar just below Wickliffe, Ky., and was unable to clear from the bar. The steamers Ferd Herold and Three States and the tug Ariadne were sent to her relief and after working all last night they were unable to release her and passengers and freight were taken off. The boat is lying in good condition and it is expected that the rise in the next few days will float her.

NEWS OF CITY AND COUNTY CONDENSED

Prof. J. H. Fulks, principal of the Archer school, arrived in the city yesterday and will spend Sunday with his family here. Prof. Fulks, who was principal of the Gainesville Graded and High School last season, is one of the most efficient teachers in the State, and the school which secures his services is indeed fortunate.

W. M. Burch, boss carpenter of the Gainesville and Gulf railway shops, has just completed the repairs on passenger coach No. 3, which was in the wreck about three weeks ago, and which was badly damaged. The work is as fine as ever seen in this country, and when the painters are through it will resemble a bran new car.

F. H. Clyatt, trucker, merchant, and in fact the "whole push" of that progressive village bearing his name, was among the visitors to this city yesterday. Mr. Clyatt states that the crops are looking well. The truckers are moving their various crops and receiving good prices, and altogether his section is receiving its proportionate dues of prosperity.

D. M. Dean, an extensive naval stores operator of the East Coast, who has purchased property and intends to make a home for his family here, is in the city for a day or two visiting his wife and children. The family is now residing at 711 North University street, but Mr. Dean expects to build a nice home in East Gainesville upon the lots recently purchased.

John R. Fowler, the lecturer who presented the Passion Play at the opera house with such great success Friday evening, departed yesterday for Ocala, where he will spend Sunday with friends. Mr. Fowler expects to return to the city Monday, but Tuesday will go to Live Oak, where he will present the play for some benefit. He delivers the lecture, which is accompanied by moving pictures, in a most interesting and impressive manner, and those present appreciated his work.

Major and Mrs. Van Ness and son, Percy Van Ness, who have been sojourning in this city for the past few weeks, departed yesterday for McIntosh, where they will look after their grove interests. These gentlemen also own large property interests here, being interested in valuable city real estate. Their grove at McIntosh is one of the best in that section. The Van Nesses' are clever people, and have many friends here who are always delighted to greet them. They have been regular winter visitors for several years.

BEEF TRUST INVESTIGATION.

Important Testimony Has Been Adduced Before Grand Jury.

New York, March 25.—Important evidence is said to have been adduced in the "so-called beef trust" investigation now in progress in connection with the federal grand jury in Chicago. Six witnesses were examined at one sitting, five of whom were, it is said, former employes of the packing companies.

"It would be unlawful and highly improper for me to disclose any of the details of the investigation," said Joel M. Marx, who is associated with District Attorney Burnett, in the investigation, "but I am free to say the results of Thursday's work were exceedingly satisfactory."

District Attorney Burnett is in frequent communication with the authorities in Chicago and is acting in accord with the investigation being conducted there.

Naval Stores Men Form Combine.

Jacksonville, Fla., March 25.—The naval stores factors and operators, representing the industry in Florida, Georgia and Alabama, met here with 200 present and and organized the Naval Stores Export company, with a capital stock of $1,000,000, 60 per cent of which was subscribed by operators. This company was organized to protect Jacksonville and other Florida ports which have been made open markets on account of the former exporters refusal to accept goods at Florida ports at Savannah prices.

Railroad Sued for Big Amount.

Yorkville, S. C., March 25.—Henley Chapman, conductor, has entered suit against the Seaboard Air Line railway in the court of common pleas of York county, for $50,000, alleging that he was seriously and permanently injured in a wreck near Catawba river on the 8th day of September, last. Waverly Fairman has also entered suit in the same court for $20,000, alleging that he was permanetly injured in the same wreck.

GEN. EVANS NAMES SPONSER.

Granddaughter of Famous Confederate Cabinet Officer.

Atlanta, March 25.—Lieut. Gen. recently tried for desertion from the army of the department of Tennessee, United Confederate Veterans, has appointed Miss Ruby Mallory, of Pensacola, Fla., granddaughter of Hon. S. R. Mallory, who was secretary of the confederate navy, as sponsor for the department at the coming reunion of confederate veterans at Louisville, Ky.

General Evans has received a letter from Miss Mallory accepting the appointment and thanking him for the honor. Miss Mallory accepting niece of Hon. S. R. Mallory, the present senior United States senator from Florida, and who was a midshipman in the confederate states navy. She is a daughter of A. F. Mallory, of Pensacola, who is too young to have been in the confederate service. Miss Mallory is a charming, cultured and stylish young lady who will well represent the great department for which she has been chosen to be the chief sponsor.

Miss Mallory's maids of honor will be chosen from Kentucky and Louisiana. Their appointments have not yet been announced.

WOUNDED BOY COMMITS SUICIDE

Rather Than Go Through Life a Cripple, Kills Himself.

Covington, La., March 25.—Francis Buckner Taylor, 15 years of age, went out to blow up stumps with dynamite. The fuse of one was lighted, and in some way the fuse and charge for the second, which was being carried in a basket on the boy's left arm, became ignited. He warned his father of the firing of the first stump and started to move away when the dynamite in the basket exploded.

When Mr. Taylor got to his son's side he found that the left forearm had been blown off, the right leg shattered and he was otherwise hurt seriously. Mr. Taylor hurried his boy to the house and started for a surgeon. As soon as the elder Taylor was out of the house, young Taylor hobbled to the dresser, procuring a revolver, and in the face of the protests of his mother, fired two bullets into his brain, ending his life.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by all druggists.

Big Knitting Mill Established.

Columbus, Ga., March 25.—Application for the incorporation of the Perkins Knitting mills, with an authorized capital of $300,000, has been filed here. The plant will be located at the Rose Hill station of the Southern railway in the suburbs of Columbus, and will employ a large number of operatives. Most of the machinery has been purchased. A village of high class cottages for operatives will be erected.

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and $1. Sold by W. M. Johnson.

Among the visitors to this city yesterday was Wm. Adams, the "cattle king" of the East End, who makes his home on his beautiful farm near Windsor. Mr. Adams not only has a fine farm, but owns a large number of cattle which bring him an annual income. He is one of the most independent of his profession in Alachua county.

J. H. Manners, the clever and successful traveling salesman for the International Harvesting Machine Company, Chicago, who makes his headquarters in this city, is home for Sunday. He reports a fine trade. Mr. Manners is one of those fellows who makes friends on short acquaintance and holds them—in other words, hypnotizes them. He has been with his present employers for many years.

Attention is directed to the advertisement of J. Manasse, which appears elsewhere in this issue. Mr. Manasse states that he has added a complete line of ready-to-wear garments for ladies, including shirt waists, skirts, dry goods, etc., in connection with his line of gentlemen's clothing and furnishings, which makes a complete department store with the exception of groceries and furniture. His goods are all new and up-to-date, the spring line having been just received. Prospective buyers would do well to call and inspect his line.

READ THIS.

Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. Scott,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.]

The friends of Chas. W. Parham will be glad to learn that he is out again, after being confined to his room with la grippe and tonsillitis for the past few days.

Miss Annie Turner, one of Alachua county's most successful teachers, was in the city yesterday. She was en route home from the Gomm school, near Newberry, where she has just closed a most successful term.

J. R. Emerson spent Friday at his farm at Kirkwood. Mr. Emerson, who owns one of the nicest groves in the county, states that his trees are blooming prolificly, and the prospects are good for a big crop next season.

A jolly fishing party from Endel Inn went to Alachua Sink yesterday and spent the day delightfully in the woods. They report big luck, and all the fish they could handle. The party was chaperoned by Dr. Sangston.

J. A. J. Strickland, a successful farmer of Hague, was transacting business in this city yesterday. He states that the Hague section on Friday was visited by one of the most severe hail storms he had ever seen, which lasted fo several minutes.

W. L. Hill has returned from a brief visit to Cedar Key, where his wife and baby are now sojourning. Mrs. Hill has become quite successful at fishing. Upon one occasion she was successful in a short time of landing a round dozen fine members of the finny tribe. Mr. Hill dislikes to admit that she can outdo him in this sport, and good-naturedly declares that his wife "doctors" her hook.
